

# Craniomaxillofacial Trauma: An Issue of Atlas of the Oral and Maxillofacial Surgery Clinics of North America

## Editors

- Edward Ellis III, MD, DMD, PhD

- Saud Al-Qurainy, MD, DDS

## **Description**

Craniomaxillofacial Trauma: An Issue of Atlas of the Oral and Maxillofacial Surgery Clinics of North America is the first title in a brand new series which combines essential surgical procedures with a detailed atlas-style format to provide comprehensive, easy-to-navigate coverage of multiple surgical techniques. This title, edited by renowned craniomaxillofacial surgeon Edward Ellis III, MD, DMD, PhD, and Saud Al-Qurainy, MD, DDS, covers the diagnosis and management of one of the most challenging aspects of craniomaxillofacial surgery – trauma. With the recent advances in medical imaging and surgical instrumentation, along with an increase in trauma cases, the need has never been greater for expert guidance on these procedures. The surgical techniques in this title are written by the foremost experts in the world and are presented in step-by-step detail, ensuring successful results.

## **Contents**

- Epidemiology of Craniomaxillofacial Trauma
