About the Book

Master Ext JS Second Edition is the definitive guide to Ext JS, the leading JavaScript framework for building data-intensive, cross-platform web applications. This book provides a comprehensive overview of Ext JS, from its core concepts to advanced techniques. It's written by experienced Ext JS developers and includes real-world examples and case studies.

With Master Ext JS Second Edition, you'll learn how to:

- Build responsive web applications that work seamlessly on all devices

- Create data-intensive applications that handle large amounts of data efficiently

- Develop cross-platform applications that can be deployed on multiple platforms, including web, mobile, and desktop

- Extend Ext JS with custom components and plugins to meet your specific needs

- Create high-performance applications that are scalable and maintainable

Whether you're a beginner or an experienced Ext JS developer, Master Ext JS Second Edition is the essential resource you need to build enterprise-grade web applications.

What's New in the Second Edition

- Coverage of Ext JS 7, the latest version of the framework

- New chapters on mobile development and responsive design

- Updated examples and case studies

- Expanded coverage of advanced topics, such as performance optimization and security

Who This Book Is For

Master Ext JS Second Edition is for experienced JavaScript developers who want to learn how to build enterprise-grade web applications with Ext

JS. It's also a valuable resource for Ext JS developers who want to upgrade their skills to the latest version of the framework.

Table of Contents

Author Bio

Ahmed Fayyad is a senior software engineer with over 10 years of experience in designing and developing web applications. He has extensive experience with Ext JS and has used it to build a variety of applications, from simple CRUD applications to complex data-intensive applications. Ahmed is also a regular contributor to the Ext JS community and has written several articles and tutorials on Ext JS.

Donnie Burt is a software engineer with over 15 years of experience in developing web applications. He has extensive experience with Ext JS and has used it to build a variety of applications, from small-scale prototypes to large-scale enterprise applications. Donnie is also a regular contributor to the Ext JS community and has spoken at several Ext JS conferences.
