

Posters Presented At The VIth International Conference On Event Perception And Cognition

Edited by Maria Stucchi, Gabriella Trojano, and Maria Antonietta Siciliano

This book presents the posters presented at the VIth International Conference on Event Perception and Cognition, which took place in Parma, Italy, on September 13-16, 2016. The posters cover a wide range of topics in event perception and cognition, including attention, memory, representation, and categorization.

The conference was attended by researchers from all over the world, and the posters presented at the conference represent the latest research in the field of event perception and cognition. The posters are divided into four sections:

Studies in Perception and Action II: Posters Presented at the VIth international Conference on Event Perception and Action
