### What is culture?

Culture is the sum total of the learned behavior, beliefs, values, attitudes, norms, and material objects that constitute a group of people's way of life. It is passed down from generation to generation through socialization, and it shapes the way we see the world and our place in it.

### What is society?

Society is an organized group of people who share a common culture and who interact with each other on a regular basis. Societies can be small or large, simple or complex. They can be based on kinship, religion, ethnicity, or other factors.

## **The relationship between culture and society**

Culture and society are closely related. Culture is the product of society, and it shapes the way society functions. In turn, society provides the context for culture, and it influences the way culture is transmitted and used.
