In "The Dark Humor of Police Officers," Smith explores the many ways that cops use humor to cope with stress. He shows how humor can help officers to defuse tense situations, to deal with the horrors they witness, and to maintain their sanity in a world that can be overwhelmingly dark.

True Stories from the Front Lines

"The Dark Humor of Police Officers" is filled with true stories from police officers from all over the country. These stories are funny, heartbreaking,

and thought-provoking. They offer a unique perspective on the lives of those who protect and serve.

In one story, a police officer recounts the time he was called to a domestic violence call. When he arrived, he found a man and woman arguing in the middle of the street. The man was drunk and belligerent, and the woman was visibly upset.

The officer tried to calm the man down, but he refused to listen. The man kept yelling and swearing, and he even threatened to hit the officer.

Finally, the officer had had enough. He grabbed the man by the arm and threw him to the ground. The man was stunned, and he didn't resist as the officer handcuffed him.

As the officer was leading the man to his patrol car, the man looked up at him and said, "You know, I'm really glad you're here. My wife and I were just having a little argument, and I was about to lose my temper. But you showed up, and you defused the situation. I really appreciate it."

The officer smiled and said, "No problem. I'm just glad I could help."

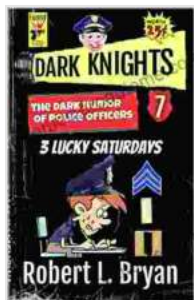

The story is a reminder that even in the most difficult situations, humor can help to diffuse tension and make things better.
