

The Greatest and Deadliest Hurricanes to Impact The Bahamas

The Bahamas is a beautiful archipelago located in the Atlantic Ocean. The islands are a popular tourist destination, but they are also vulnerable to hurricanes. Over the years, the Bahamas has been hit by some of the most powerful and deadly hurricanes in history.

This article takes a look at the five most devastating hurricanes to impact the Bahamas:

1. **Hurricane Dorian** (2019)

Hurricane Dorian was the strongest hurricane to hit the Bahamas in recorded history. The Category 5 hurricane made landfall on the islands of Abaco and Grand Bahama on September 1, 2019. Dorian brought winds of up to 185 miles per hour and storm surges of up to 23 feet. The hurricane caused widespread damage and flooding, and at least 74 people were killed.
