Reviews

"This book is a major contribution to the field of media studies. It provides a comprehensive and integrative theory of the mediated mind, drawing on a range of disciplines to explore the cultural dynamics of social interaction and the role of media in shaping our thoughts, feelings, and behaviors. The author offers a unique perspective on the human mind and its relationship to the social world, and the book will be of interest to scholars and students in a variety of fields."

- Professor John Hartley, University of New South Wales

"This book is a must-read for anyone interested in the mediated mind. The author provides a clear and concise overview of the field, and offers a unique perspective on the role of media in shaping our thoughts, feelings, and behaviors. The book is well-written and engaging, and I highly recommend it."

- Professor Nancy Baym, University of California, Santa Barbara
