In this captivating tome, author Dr. Jean Kristeller embarks on an illuminating journey to trace the historical roots of addiction, from its earliest manifestations to its current pandemic proportions. Through a mesmerizing blend of case studies, scientific research, and real-life narratives, she unravels the intricate tapestry of factors that contribute to this insidious disease.

Dr. Kristeller deftly illuminates the profound impact of societal pressures, cultural norms, and the evolution of the human brain on the development of addiction. She explores the interplay between genetic predispositions, environmental influences, and the powerful allure of substances that hijack the brain's reward system, leading to a dangerous cycle of craving, consumption, and withdrawal.

With unwavering clarity and compassion, "Birth of the Binge" unravels the complexities of the addiction experience. Dr. Kristeller sheds light on the psychological, emotional, and physical

manifestations of addiction, unraveling the profound consequences it inflicts on individuals, families, and communities alike.

Beyond its profound exploration of addiction's origins and effects, "Birth of the Binge" offers an invaluable lifeline of hope and recovery. Dr. Kristeller draws upon her extensive clinical experience to present evidence-based interventions and practical strategies that empower individuals to break the cycle of addiction and reclaim their lives.

Through moving personal accounts, cutting-edge research, and expert analysis, "Birth of the Binge" offers an immersive and transformative experience that will resonate with anyone touched by addiction or seeking a deeper understanding of this pervasive issue. Here are some key excerpts that encapsulate the essence of this remarkable book:

“Addiction is a complex disease that touches every aspect of our lives. It's not just about the substance abuse; it's about the underlying pain, trauma, and unmet needs that drive people to seek relief in unhealthy ways.”

Dr. Jean Kristeller, author of "Birth of the Binge"”

“The war on drugs has failed. It's time for a new approach that focuses on harm reduction, prevention, and treatment. We need to stop criminalizing people who are struggling with addiction and start providing them with the support they need to recover.”

Dr. Jean Kristeller”

"Birth of the Binge" is an essential read for anyone who wants to understand the true nature of addiction and its devastating consequences. It is a powerful call to action that demands a compassionate and evidence-based approach to addiction prevention, treatment, and recovery.

Dr. Jean Kristeller is a renowned addiction specialist with over two decades of experience in the field.

She is the founder and director of the Center for the Study of Addiction and Recovery at the University of California, San Francisco, and a professor of medicine at the University of California, San Francisco School of Medicine.

Dr. Kristeller is a leading expert on the neurobiology of addiction and has published over 100 scientific papers on the topic. She is also a sought-after speaker and has testified before Congress on the need for evidence-based addiction treatment.

Dr. Kristeller's work has been featured in numerous media outlets, including The New York Times, The Washington Post, and The Wall Street Journal. She is also the author of the critically acclaimed book "The Alcoholism and Addiction Cure."

With her deep understanding of addiction and her unwavering commitment to helping people recover, Dr. Kristeller has written "Birth of the Binge" as a beacon of hope and a catalyst for change.
